AMERIPOLISH WB Paver Sealer

Water based sealer that rejuvenates color and protects cementitious surfaces.

PRODUCT DESCRIPTION: Ameripolish WB Paver Sealer has been formulated to rejuvenate and enhance the original color of pavers, concrete replications and stone. It is also designed to give long lasting protection by repelling water and blocking UV degradation.

The Ameripolish WB Paver Sealer is a blend of water based high performance polymer. Working together they form a breathable barrier that protects cementitious materials from salts, stains, dirt, oils and moisture. This sealer helps protect surfaces from damaging weather conditions and will help prolong life by sealing out moisture, dirt and salts season after season.

The key to long lasting beauty is to protect while not forming a film that can peel, crack or blister. Ameripolish WB Sealer does just that. It is the product to choose when sealing interlocking pavers, colored cementitious replications, stone, and other cement textured surfaces.

USES: Ameripolish WB Paver Sealer is a very versatile sealer allowing protection for multiple surfaces. It can be used on:

- Pavers and Interlocking Barriers
- Cementitious Replications
- Natural and Cementitious Stone
- Vertical Cementitious Walls
- Gray & Porcelain Cement

FEATURES:

- Environmentally safe and synergistic.
- Long lasting
- Breathable barrier
- Prevents staining and reduced maintenance
- Protects color against U.V. radiation
- Non-yellowing
- Will not peel, crack, blister or blush
- Can be shipped as non-hazardous material.
- Easy application with a sprayer.
- Low VOC (<40g/l)

PRODUCT SPECIFICATIONS:

Coverage (1 Gal.) 400-600 sq.ft.
 Coverage (1 Gal.) 300-400 sq.ft. porous concrete
 Application: Spray on 2 coats (opposite directions)
 Color: Milky
 VOC: <40g/l
 Shelf Life: 1 Year
 Solvent: Water Based

HOW TO USE:

Dilute Ameripolish WB Sureface Sealer 1:1 with water before usage. Spray in a circular motion using Patriot sprayer or equivalent.

CLEAN UP:

Rinse all equipment and applicators with water shortly after using Ameripolish WB Paver Sealer.

CAUTIONS: Before using Ameripolish WB Paver Sealer, read the MSDS and instructions for use. Use good hygiene when handling this product. Wash hands and any areas that come into direct contact with this material.

STORAGE:

- Store upright in safe dry place at 40-105F° (4 - 41C°)
- Keep product from freezing
- Keep out of reach of children
- Seal container after use.
- Do not mix with other chemicals

WARRANTY: The information contained herein is believed to be reliable. This information is based on laboratory testing and results. Because of variations in methods, conditions and equipment, each user must test this product to make a judgment of performance. Applicator is responsible for testing material for effectiveness and performance. Manufacturer obligation is limited to the refund of purchase price or replacement of material if proven to be defective.

MANUFACTURER: Ameripolish, Inc.

PACKAGING SPECIFICATIONS:

Product Name – Ameripolish® WB Paver Sealer		
Product #	Shipping Wt.	Container(s)
WBP1	5 lbs.	64 oz. Plastic Bottle – Makes 1 Gal.
WBP5	25 lbs.	2.5 Gal. Plastic Bottle – Makes 5 Gal.
WBP60	300 lbs.	30 Gal. Plastic Pail – Makes 60 Gal.
WBP220	1100 lbs.	110 Gal. Plastic Drum – Makes 220 Gal
WBP500	2500 lbs.	250 Gal. Plastic Drum – Makes 500 Gal

HAZARDOUS MATERIAL IDENTIFICATION SYSTEM (HMIS):

Health	1	Flammability	0	Reactivity	0
0 – Least, 1 – Slight, 2 – Moderate, 3 – High, 4 - Extreme
