

# No more dusting!

## Get rid of it

The best way to end dusting is hardening and densifying. One simple spray application of Consolideck® LS® (lithium silicate) hardener/densifier does it, whether your floor is old or new.

## What's in it for you

You get longer lasting, better looking concrete floors. You get increased abrasion resistance. Buff or burnish for enhanced shine and reflectivity. Consolideck® floors are faster and easier to clean and maintain, saving you money.

## Best of all

No more dusting!

# Easy-to-use Consolideck® products

**LS® (lithium-silicate):** Premium hardener/densifier for concrete floors. Improves speed and economy of maintenance cleaning. In laboratory tests, LS improved abrasion resistance more than five times on polished concrete over unhardened, unpolished concrete, and outperformed the top five leading competitors.\*

**LS/CS® (lithium-silicate/colloidal salts):** Economical hardener/densifier and dustproof for concrete floors. Increases hardness, durability and service life of concrete floors. Improves speed and economy of maintenance clean up.

**GemTone Stain:** 21 water-based, penetrating colors for polished concrete. Safer, and better color-control than traditional solvent- and acid-based stains.

**ColorHard:** 21 rich, water-based colors, including White and Black, that harden/densify and decorate concrete flatwork in one simple step. Just mix with Consolideck® LS. Palette includes UV-stable colors appropriate for exterior use.

**LSGuard®:** Glossy sealer, hardener/densifier for steel-troweled, polished and decorated concrete floors. Resists spills and stains, and improves gloss and reflectance at every finish level.

**PolishGuard:** Glossy protective treatment makes decorative or plain interior concrete floors shine while shielding them from spills and stains. VOC-compliant PolishGuard resists etching from acidic liquids like vinegar and fruit juice.

**GuardEXT:** Protects outdoor flatwork from penetrating spills and stains, including oily food and automotive liquids, while enhancing appearance with a durable shine. Perfect for colored and other decorative concrete.

**LSKlean Super Concentrate:** Specialized blend of cleaners and degreasers contains a lithium-silicate hardener/densifier. Specially made to maintain maximum hardness – and cleanliness – of most any concrete floor.

See Product Data Sheets on these and other Consolideck® products for complete application and safety instructions. Visit [www.consolideck.com](http://www.consolideck.com).
